

Words can't describe how I feel about you, Catherine, so maybe this AI generated image of an exploding heart will. That's how I feel every time I see you. You're someone that breaks my mind completely. You defy reality. You cure cancer. To be honest, it'd be easier for me to list the things you CAN'T do. One thing is to make me not love you. That's it, you can do just about anything else. I know it because I saw you do it.

I hope this is the best gift you've ever received

Love you baby,
Javad
